D Day Celebration

6th June in Sainte-Mère-Église

We stayed a few nights at the Utah Beach Campsite and made our way to Sainte-Mère-Église to experience several memorable events.

If you're planning to visit the D-Day landing beaches on 6th June, you'll find numerous events happening across the region, each offering a unique insight into history.

Sainte-Mère-Église provides a temporary motorhome parking area during this time. It's situated in a nearby field, just a short walk from the town centre. However, if you prefer staying at a campsite, early booking is highly recommended.

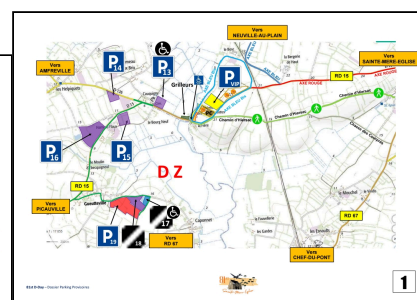

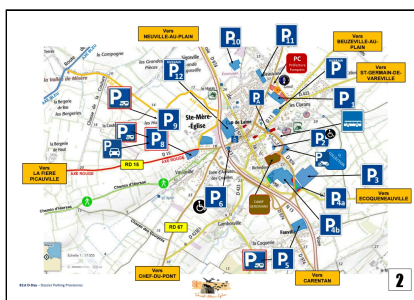

One of the highlights is the large parachute drop, which is truly worth attending. The landing field is approximately a 3km walk from the town, and it's important to note that driving to the site is not permitted.

If planning a tour of the Landing Beaches area is worth downloading this app is worth downloading
